Further. More. ➡⊕

At LVC, our students go further and do more than they ever thought possible. For the third consecutive year, career guidance site Zippia identified Lebanon Valley College as #1 among all colleges and universities in Pennsylvania in its listing of "[The Best Colleges in Each State for Getting a Job 2020](#)." From our academic opportunities to our guided career support and everything in between, we are dedicated to our students and their growth, success, and excellence.

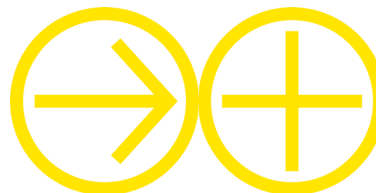

Due to the COVID-19 campus plan, all employer recruiting efforts and engagement opportunities will take place virtually for the Fall 2020 semester. We look forward to working with you this coming fall and beyond to cultivate and enhance your company's efforts for connecting with LVC students.

The Breen Center utilizes Handshake as our career management platform and is the best method to advertise your jobs to LVC students. Handshake is the #1 way college students find jobs. Join today by clicking [here](#).

Virtual Mock Interview Mania Week:

The mock interview experience helps students gain exposure to some common interview questions and a structured interview process. We will provide you with common/generic interview questions, but you are not limited to only those questions.

Closer to your interview date, we will email you the following information:

- The link and login instructions to a WebEx room that you will use for the interviews

This is also a chance for you to inform students about open positions with your company.

Employer Remote Recruiting Panels:

Join the Breen Center and a panel of employers from different backgrounds to share their best practices on remote recruiting!

This is a 50-minute event in which employer partners will share their experiences and knowledge on remote recruiting.
