

*DigiVal Presents*

# BOOTSTRAP WORKSHOP

**SATURDAY, 2/22**  
**3:30<sup>PM</sup> - 5<sup>PM</sup> - LYNCH 118**

## DETAILS

Digital Communications Alumni, Kyle Rosen, will be teaching the basics of the popular library of Bootstrap. The event is open to all who want to learn the industry standard for coding websites the easy way! Be sure to bring a laptop and charger to participate!

### *What is Bootstrap?*

Build responsive, mobile-first projects on the web with the world's most popular front-end component library. It is an open source toolkit for developing with HTML, CSS, and JS.

**Bootstrap**
